

**Food Allergy Management Plan:
Special Event Food Request Form**

*On occasion, the District will allow food that is not included in the food allergy management plan for special events. **Please note that food that deviates from the district approved snacks for elementary and middle school will NOT be allowed in the classrooms. Peanut and tree nut products are never allowed in classrooms.***

Event organizer should complete this application with their building principal at least two weeks before activity is scheduled. If approved by the building principal and district nurse, event organizer will be responsible for ensuring that the food-related details of the event are communicated to students, staff, and families. Ingredient lists of items being served or sold must be provided to all participating students' families.
